purposes of one or more Facility Agreements in respect of any time during the period commencing on the occurrence of the relevant Restrike Event and ending at the end of the Restrike Index Value Determination Window using the most recently reported (at the time for which such value is to be calculated) prices for the futures contracts by reference to the Settlement Price for which that Individual Commodity Index is calculated, or (in the case of a Restrike Event occurring during Exchange Hours in respect of such Full Trading Day) published by Bloomberg on the QR (quote recap monitor) screen during the Restrike Index Value Determination Window; or

provided that (i) (in the case of a Restrike Event occurring during Exchange Hours in respect of such Full Trading Day) if the Calculation Agent reasonably determines that such published value is incorrect, the Calculation Agent is required instead to use for such purposes a substitute value of the relevant Individual Commodity Index calculated by the Calculation Agent using the most recently reported (at the time for which such substitute value is to be calculated) prices for the futures contracts by reference to the Settlement Price for which that Individual Commodity Index is calculated, (ii) if the Calculation Agent determines that as the result of a material trading disruption or anomaly the value of any futures contract used in calculating such published value manifestly does not reflect a fair value for that futures contract having regard to the principles set out in Condition 14.3 and Condition 14.5, the Calculation Agent is required instead to determine for such purposes the fair market value for such futures contract having regard to the principles set out in Condition 14.3 and Condition 14.5 and to calculate the value of the relevant Individual Commodity Index using such fair market value; and (iii) (in the case of a Restrike Event occurring during Exchange Hours in respect of such Full Trading Day) if the Calculation Agent reasonably determines that a Market Disruption Event or Hedging Disruption Event has occurred with respect to any applicable futures contract, the Calculation Agent is required instead to use for such purposes a substitute value of the relevant Individual Commodity Index calculated by the Calculation Agent using the most recently reported prices for the relevant futures contracts, if any, that are not subject to a Market Disruption Event or Hedging Disruption Event and using a fair market value determined in accordance with the principles set out set out in Condition 14.3 for the relevant commodity futures that are subject to a Market Disruption Event or Hedging Disruption Event, and in each case the Restrike Index Value shall be as so determined by the Calculation Agent for such purposes;

purposes of one or more Facility Agreements that a Market Disruption Event or Hedging Disruption Event has subsequently occurred with respect to any applicable futures contract during such 15 minute period then the Calculation Agent may lengthen the Restrike Index Value Determination Window for such purposes by extending it by successive 15 minute periods (without affecting its commencement time, and with each such successive 15 minute period commencing from the end of the previous 15 minute period (and not from the end of the occurrence of the applicable Market Disruption Event or Hedging Disruption Event)) until the earlier of (A) the first successive continuous 15 minute period having elapsed during Exchange Hours during which no Market Disruption Event or Hedging Disruption Event subsisted; and (B) the end of Exchange Hours on the third Full Trading Day after that on which the Restrike Event first occurred, (ii) if but for this proviso (ii) the Restrike Index Value Determination Window would end 15 minutes or less prior to the end of Exchange Hours in respect of such Full Trading Day then the Restrike Index Value Determination Window will instead end (without affecting its commencement time) at the end of Exchange Hours in respect of such Full Trading Day; (iii) if but for this proviso (iii) the Restrike Index Value Determination Window would end less than 15 minutes after the end of Exchange Hours in respect of such Full Trading Day then the Restrike Index Value Determination Window will instead end (without affecting its commencement time) at the end of Exchange Hours in respect of such Full Trading Day; and (iv) if but for this proviso (iv) the Restrike Index Value Determination Window would end at a time which is 15 minutes or more after the end of Exchange Hours in respect of such Full Trading Day and during Out-of-Hours, or that Full Trading Day is a Market Disruption Day, then the Restrike Index Value Determination Window will be determined in accordance with sub-clause (b) below as if the Restrike Event occurred during Out-of-Hours;

- (b) in respect of a Restrike Event occurring with respect to the Individual Commodity Index applicable to that class during Out-of-Hours in respect of a Full Trading Day in respect of such class, the period commencing immediately following the Restrike Event and ending 15 minutes after the commencement of Exchange Hours on such Full Trading Day, *provided that* if the Calculation Agent reasonably determines for the purposes of one or more Facility Agreements that a Market Disruption Event or Hedging Disruption Event has occurred with respect to such 15 minute period then the Calculation Agent may lengthen the Restrike Index Value Determination Window for such purposes by extending it by successive 15 minute periods (without affecting its commencement time, and with each such successive 15 minute period commencing from the end of the previous 15 minute period (and not from the end of the occurrence of the applicable Market Disruption Event or Hedging Disruption Event)) until the earlier of (i) the first successive continuous 15 minute period having elapsed during a General Trading Session during which no Market Disruption Event or Hedging Disruption Event subsisted; and (ii) the end of Exchange Hours on the third Full Trading Day after that on which the Restrike Event first occurred,

provided further that in the event that the Restrike Index Value Determination Window has been so extended for the purposes of one or more Facility Agreements by successive 15 minute periods such that no Restrike Value has been determined by the end of Exchange Hours on the third Full Trading Day after that on which the Restrike Event first occurred with respect to the Individual Commodity Index applicable to that class, then the Calculation Agent is required instead for such purposes to use a substitute value of the relevant Individual Commodity Index calculated by the Calculation Agent using the most recently reported prices for the relevant futures contracts, if any, that are not subject to a Market Disruption Event or Hedging Disruption Event and using a fair market value determined in accordance with the principles set out in Condition 14.3 for the relevant commodity futures that are subject to a Market Disruption Event or Hedging Disruption Event. - 3.2 The Trustee and the Security Holders of any class of Short or Leveraged Commodity Securities shall have recourse only to sums derived from the Secured Property relating to the relevant Pool. If, the Trustee (or any other secured party) having realised the same, the net proceeds are insufficient for the Issuer to make all payments which, but for the effect of this Condition, would then be due, the obligations of the Issuer will be limited to such net proceeds of realisation, neither the Trustee nor any person acting on its behalf shall be entitled to take any further steps against the Issuer to recover any further sums and no debt shall be owed by the Issuer to any such person in respect of any such further sum. Thereafter the Price for a Short or Leveraged Commodity Security of each class shall be calculated on each calendar day in accordance with Conditions 5.2 to 5.4 below; save that:

- (a) in relation to a Short or Leveraged Index Security, an Indicative Price shall be calculated in accordance with Condition 5.5 for any calendar day which is for the Composite Commodity Index applicable to that Short or Leveraged Index Security: (i) a Market Disruption Day; or (ii) a day (not being a Pricing Day) where the preceding day which is both a Trading Day and a General Trading Day was a Market Disruption Day, and, subject to (c) below, on each such day no Price shall be calculated for the relevant class of Short or Leveraged Index Security;
- (b) in relation to a Short or Leveraged Index Security, for a Pricing Day where the preceding Trading Day which is a General Trading Day for the Composite Commodity Index applicable to that Short or Leveraged Index Security was a Market Disruption Day, the Price for such day shall be calculated in accordance with Condition 5.6 below;
- (c) upon a Settlement Redemption Form being deemed received in relation to a class of Short or Leveraged Index Security on a Trading Day which is a General Trading Day but not a Pricing Day then a Price shall be determined for that class of Short or Leveraged Index Security in accordance with Condition 5.8 solely for the purposes of the Redemption pursuant to that Settlement Redemption Form (and, for the avoidance of doubt, that Price shall not be considered a Price for any other purpose under this Condition 5);
- (d) upon a Settlement Redemption Form being deemed received in relation to a class of Short or Leveraged Individual Security on a Trading Day which is a General Trading Day but not a Pricing Day Condition 5.9 shall apply; and
- (e) in relation to a Three Times Commodity Security of any class, for any Restrike Day for that class, other than a Restrike Disruption Day for that class on which no Restrike Index Value Determination Window has ended prior to the end of Exchange Hours in respect of that Restrike Day, the Price for such Restrike Day shall be calculated in accordance with Condition 5.2A below.

Pricing

5.2 Subject to Condition 5.1 above, the Price of a Short or Leveraged Commodity Security of a particular class for each calendar day will be an amount (which may not be negative) determined using the relevant Commodity Index for that class by the following formula (calculated to 7 places of decimals with 0.00000005 rounded upwards):

$$P_{i,t} = P_{i,t-1} \times \left\{ 1 + CA_{i,t} + LF_1 \times \left(\frac{I_{i,t}}{I_{i,t-1}} - 1 \right) \right\}$$

where:

- $P_{i,t}$ is the Price of a Short or Leveraged Commodity Security of class i for day t ;
- $P_{i,t-1}$ is the Price of a Short or Leveraged Commodity Security of class i for day $t-1$;
- i refers to the relevant class of Short or Leveraged Commodity Security;
- t refers to the applicable calendar day;
- $t-1$ refers to the calendar day prior to day t ;
- $CA_{i,t}$ is the Capital Adjustment applicable to class i on day t , expressed as a decimal;
- LF_i is the Leverage Factor applicable to class i , expressed as a number. For One Times Short Commodity Securities, $LF_i = -1$, for Two Times Long Commodity Securities, $LF_i = +2$, for Three Times Short Individual Securities $LF_i = -3$ and for Three Times Long Individual Securities, $LF_i = +3$;
- $I_{i,t}$ is the closing settlement price level of the Commodity Index applicable to a Short or Leveraged Commodity Security of class i for day t . If day t is not a Pricing Day for a Short or Leveraged Commodity Security of class i or (in the case of a Three Times Commodity Security of any class) if day t is a Restrike Disruption Day (on which no Restrike Index Value Determination Window has ended prior to the end of Exchange Hours in respect of that Restrike Day), then $I_{i,t}$ will be the same as $I_{i,t-1}$; and
- $I_{i,t-1}$ is the closing settlement price level of the Commodity Index applicable to a Short or Leveraged Commodity Security of class i for day $t-1$. For a Three Times Commodity Security of any class, if day $t-1$ is a Restrike Day where (i) the Restrike Index Value Determination Window for the last Restrike Event ends 15 minutes or less prior to the end of the Designated Settlement Period in respect of day $t-1$ or (ii) the Restrike Index Value Determination Window for the last Restrike Event ends less than 15 minutes after the end of the Designated Settlement Period in respect of day $t-1$, $I_{i,t-1}$ is the last Restrike Index Value on day $t-1$.

5.2A For a Three Times Commodity Security of any class, if day t is a Restrike Day for that class, other than a Restrike Disruption Day for that class on which no Restrike Index Value Determination Window has ended prior to the end of Exchange Hours in respect of that Restrike Day, then the Price for a Three Times Commodity Security of such class for such Restrike Day will be an amount (which may not be negative) determined using the relevant Individual Commodity Index for that class in accordance with the following formula (calculated to 7 places of decimals with 0.0000005 rounded upwards):

$$P_{i,t} = P_{i,t-1} \times (1 + CA_{i,t} - C_i) + P_{i,t-1} \times \left[\left(1 + LF_i \times \frac{I_{i,R_{1,t}} - I_{i,t-1}}{I_{i,t-1}} \right) \times \left(\prod_{j=1}^{n-1} \left(1 + LF_i \times \frac{I_{i,R_{j+1,t}} - I_{i,R_{j,t}}}{I_{i,R_{j,t}}} \right) \right) \times \left(1 + LF_i \times \frac{I_{i,t} - I_{i,R_{n,t}}}{I_{i,R_{n,t}}} \right) - 1 \right]$$

where:

$P_{i,t}$ is the Price of a Three Times Commodity Security of class i for day t ;

- $P_{i,t-1}$ is the Price of a Three Times Commodity Security of class i for the calendar day prior to day t ;
- i refers to the relevant class of Three Times Commodity Security;
- t refers to the applicable day;
- $t-1$ refers to the calendar day prior to day t ;
- n refers to the number of Restrike Index Value Determination Windows that end prior to the end of Exchange Hours on day t and reference to a Restrike Index Value Determination Window in respect of which the Restrike Index Value Determination Window number is n is a reference to the last occurring such Restrike Index Value Determination Window;
- j refers to the Restrike Index Value Determination Window number for each Restrike Index Value Determination Window ending prior to the end of Exchange Hours on day t . j is an integer from 1 to $n-1$ (inclusive);
- $\prod_{j=1}^{n-1}(\text{formula})$ means the product of the results of evaluating the formula for each value of j from 1 to $n-1$ inclusive. If n is equal to 1, then the value of this expression shall mean 1;
- $I_{i,R_j,t}$ is the Restrike Index Value of the Individual Commodity Index applicable to a Three Times Commodity Security of class i for day t for the Restrike Index Value Determination Window in respect of which the Restrike Index Value Determination Window number is j ;

$WAV_{\tau+1,j}^w$	means the weighted value for futures contract j of commodity w on day $\tau+1$ used for calculating the relevant Composite Commodity Index calculated in accordance with the Handbook, provided that where day $\tau+1$ is not a General Trading Day then it shall be equal to $WAV_{\tau,j}^w$;
$WAV_{\tau,j}^w$	means the weighted value for futures contract j of commodity w on day τ used for calculating the relevant Composite Commodity Index calculated in accordance with the Handbook, provided that where day τ is not a General Trading Day then it shall be the weighted value for such futures contract on the General Trading Day preceding day τ ;

$CIM_{\tau,j}^w$ means the Commodity Index Multiplier (as defined in the Handbook from time to time) on day τ for futures contract j of commodity w , provided that where day τ is not a General Trading Day then it shall be equal to the Commodity Index Multiplier for such futures contract on the first General Trading Day prior to day τ ; and

$CIM_{\tau+1,j}^w$ means the Commodity Index Multiplier (as defined in the Handbook from time to time) on day $\tau+1$ for futures contract j of commodity w , provided that where day $\tau+1$ is not a General Trading Day then it shall be equal to $CIM_{\tau,j}^w$.

- (c) where Condition 7.10(b) applies, the Pricing Date in respect of the Settlement Redemption Form relating to the Short or Leveraged Index Securities concerned will be the Trading Day on which all futures contracts by reference to the Settlement Price for which the Composite Commodity Index relating to such Short or Leveraged Index Securities is calculated have had one or more Pricing Days since (but including) Day 1;
- (d) where Condition 7.10(b) applies:
- (i) in relation to a Settlement Redemption Form delivered by an Authorised Participant, at any time prior to a Pricing being completed in accordance with Condition 7.10(b) the relevant Commodity Contract Counterparty and the relevant Authorised Participant may agree a Price and applicable Pricing Date in lieu of that which would be determined in accordance with Condition 7.10(b) and notify that Price and applicable Pricing Date jointly to the Issuer in such form as the Issuer may reasonably require. Such joint notification shall be conclusive evidence that the relevant Commodity Contract Counterparty and the relevant Authorised Participant have agreed a Price and applicable Pricing Date which shall apply in lieu of that which would be determined in accordance with Condition 7.10(b);
 - (ii) if a Price has not been determined in accordance with Condition 7.10(b) of sub-paragraph (i) by the end of the fourth General Trading Day following Day 1 then, either the relevant Authorised Participant or the Issuer, by notice to the other given in the same manner as for a Pricing Notice, may elect that the Price should instead be determined in the manner provided in the following sub-paragraphs. Any such notice must, to be valid, be given between 8.00 a.m. and 6.30 p.m. (in the case of notice given by the relevant Authorised Participant) or 7.00 p.m. (in the case of notice given by the Issuer) on an Issuer Business Day. Any such notice which is received by the Issuer or the relevant Authorised Participant on an Issuer Business Day after the Notice Deadline but prior to 6.30 p.m. (in the case of notice given by the relevant Authorised Participant) or 7.00 p.m. (in the case of notice given by the Issuer) shall be deemed to be received by the Issuer or the relevant Authorised Participant (as the case may be) at 8.00 a.m. on the following Issuer Business Day, unless the Issuer or the relevant Authorised Participant (as the case may be) agrees to treat that Settlement Redemption Form as having been received prior to the Notice Deadline in which case it shall be deemed to have been received by the Issuer or the relevant Authorised Participant (as the case may be) prior to the Notice Deadline. The giving of any notice pursuant to this paragraph (ii) shall not prevent the relevant Commodity Contract Counterparty and the relevant Authorised Participant from agreeing a Price and Pricing Date in accordance with sub-paragraph (i)

above in which case such Price and applicable Pricing Date shall apply in lieu of that which would be determined in accordance with the following sub-paragraphs;

- (iii) if a notice is given pursuant to sub-paragraph (ii) above the Calculation Agent shall calculate in good faith and in a commercially reasonable manner a Price as at the close of business on the Issuer Business Day on which such notice was deemed given using the formula set out in Condition 7.10(b) and, for each relevant futures contract for which a Market Disruption Event would (but for this paragraph (d)) have prevented the determination of the Price hereunder, a fair market value for such futures contract determined using the principles set out in Condition 14.3 and shall notify the same to the Issuer, the relevant Authorised Participant and the relevant Commodity Contract Counterparty; and
- (iv) if by 6.30 p.m. on the Issuer Business Day following notification by the Calculation Agent to the Issuer and the relevant Authorised Participant of any determination made by the Calculation Agent pursuant to sub-paragraph (iii) above either the Issuer or the relevant Authorised Participant notifies the relevant Commodity Contract Counterparty that it requires the appointment of a leading dealer in commodity derivatives as substitute calculation agent (a ***Substitute Calculation Agent***) to determine the fair market values for any futures contract for which a Market Disruption Event would (but for this paragraph (d)) have prevented the determination of the Price hereunder in accordance with this paragraph and the Price, then (unless agreement is reached otherwise in accordance with sub-paragraph (i) above) each of the Issuer, the relevant Authorised Participant and the relevant Commodity Contract Counterparty shall, in the absence of manifest error, be bound by a determination made by the Substitute Calculation Agent of such fair market values and Price. Any Substitute Calculation Agent shall be appointed jointly by relevant Authorised Participant and the relevant Commodity Contract Counterparty or, at the request of either, by the Issuer. Any Substitute Calculation Agent, if it is an Authorised Participant, shall be independent of the Creation concerned and shall itself have no similar transactions with the Issuer awaiting Pricing in accordance with provisions of its Authorised Participant Agreement analogous to Condition 7.10(b). The Issuer shall not be obliged to appoint any Substitute Calculation Agent hereunder unless it is indemnified and/or secured to its reasonable satisfaction against any Liabilities to which it may thereby render itself liable. In performing its duties under this paragraph any Substitute Calculation Agent shall calculate such fair market values and Price in good faith and in a commercially reasonable manner and shall calculate such Price as at the close of business on the Issuer Business Day on which the notice under sub-paragraph (ii) above was deemed given using the formula set out in Condition 7.10(b) and, for each relevant futures contract for which a Market Disruption Event would (but for this paragraph (d)) have prevented the determination of the Price hereunder, a fair market value for such futures contract using the principles set out in Condition 14.3 and the applicable reported settlement prices for all other relevant futures contracts. The Substitute Calculation Agent shall assume, without enquiry, that any determination by the original Calculation Agent as to whether a Market Disruption Event in relation to any futures contract has occurred is correct and shall be bound by any such determination. Accordingly the role of the Substitute Calculation Agent shall be limited to the determination of the relevant fair market values and the Price consequent upon such determinations. The Substitute Calculation

Agent shall have no liability or responsibility to the parties for any error or omission in making any determination in connection with this paragraph.

- 7.11 A Settlement Redemption Form which is received by the Issuer on an Issuer Business Day after the Notice Deadline but prior to 6.30 p.m. shall be deemed to be received by the Issuer at 8.00 a.m. on the following Issuer Business Day, unless the Issuer agrees to treat that Settlement Redemption Form as having been received prior to the Notice Deadline in which case it shall be deemed to have been received by the Issuer prior to the Notice Deadline.
- 7.12 Within one Business Day after the last Pricing Date in respect of any Settlement Redemption Form, the Issuer shall notify the relevant Security Holder of the Redemption Amount payable in respect of that Settlement Redemption Form, determined as provided above.
- 7.13 The Issuer may change or vary the procedures for the lodgement of Settlement Pricing Forms and these Conditions shall be modified in respect of Redemptions using Settlement Pricing to the extent of any such change or variation.

Agreed Pricing

- 7.14 A Commodity Contract Counterparty and an Authorised Participant may submit an Agreed Redemption Form to the Issuer (either jointly, or in separate notices). An Agreed Redemption Form is conclusive evidence that the Commodity Contract Counterparty and the Authorised Participant have agreed upon the Redemption by the Issuer of a number and class of Short or Leveraged Commodity Securities specified in the notice(s), and the US Dollar amount which is the Redemption Amount for those Short or Leveraged Commodity Securities.
- 7.15 If a Commodity Contract Counterparty and an Authorised Participant purport to send an Agreed Redemption Form by separate notices:
- (a) which are inconsistent with one another in relation to any of the items referred to in Condition 7.17(a), 7.17(b) or 7.17(c); or
 - (b) one of which is invalid under Condition 7.17,
- those notices shall not constitute a valid Agreed Redemption Form and the Issuer shall reject the notices and advise that Commodity Contract Counterparty and that Authorised Participant accordingly.
- 7.16 Where an Agreed Redemption Form is submitted by separate notices from the Authorised Participant and a Commodity Contract Counterparty, the Issuer shall be deemed to have received the Agreed Redemption Form at the time that it is deemed to receive the second of the two notices.
- 7.17 An Agreed Redemption Form shall be invalid in the circumstances specified in Condition 7.19(c) or if it does not set out:
- (a) the number and class of Short or Leveraged Commodity Securities to be Redeemed;
 - (b) the Redemption Amount for that Redemption (stated as a total amount); and
 - (c) the Redemption Payment Date for that Redemption, which shall be not earlier than two London Business Days following the day on which the Agreed Redemption Form is deemed received by the Issuer.

Suspension of Redemptions

- 7.18 If the Price of a class of Short or Leveraged Commodity Security falls below its Principal Amount, the Issuer may at any time and from time to time while the Price in relation to such

class is below such Principal Amount determine to suspend the right to Redeem the Short or Leveraged Commodity Securities of that class pursuant to Condition 7.1(a) and, subject as provided in this Condition 7.18, may terminate any such suspension. The following provisions shall apply where the Issuer determines to exercise its powers under this Condition:

- (a) the Issuer shall give notice of such suspension and of the termination of any such suspension via an RIS as soon as practicable, but failure to give such notices shall not prevent the exercise of such powers;
- (b) any such suspension may continue in the discretion of the Issuer for a period of up to 30 days, and may continue thereafter provided that notice of a meeting has been issued convening a meeting for a date not more than 30 days after the date of the notice for the purpose of considering an Extraordinary Resolution which will have the effect of reducing the Principal Amount to a level less than the Price, in which event the suspension will cease when the meeting (or any adjournment thereof) concludes or, if the Extraordinary Resolution is passed and makes alternative provision, in accordance with the Extraordinary Resolution;
- (c) any suspension shall not affect any Redemption the Pricing Date for which had passed before the suspension commenced, but any Settlement Redemption Form lodged or deemed received on an Issuer Business Day when the right to Redeem Short or Leveraged Commodity Securities of that class pursuant to Condition 7.1(a) is suspended pursuant to this Condition shall be invalid; and
- (d) if the right to Redeem Short or Leveraged Commodity Securities of that class pursuant to Condition 7.1(a) is suspended pursuant to this Condition as at 6.30 p.m. on the second Issuer Business Day prior to a Compulsory Redemption Date for that class pursuant to Condition 8.6, then notwithstanding that a number of Short or Leveraged Commodity Securities of that class may have been specified pursuant to that Condition which is not all of those Short or Leveraged Commodity Securities, such Compulsory Redemption Date shall be a Compulsory Redemption Date for all of the Short or Leveraged Commodity Securities of that class.

7.19 If the Issuer is considering exercising its power under Condition 18.3 to divide any Pool, or has determined to exercise such power, it may determine to suspend the right to Redeem the Short or Leveraged Commodity Securities of the class attributable to such Pool under Condition 7.1(a) and Condition 7.1(b) and, subject as provided in this Condition 7.19, may terminate any such suspension. The following provisions shall apply where the Issuer determines to exercise its powers under this Condition:

- (a) the Issuer shall give notice of such suspension and of the termination of any such suspension via an RIS as soon as practicable, but failure to give such notices shall not prevent the exercise of such powers;
- (b) any such suspension may continue in the discretion of the Issuer for a period of up to 30 days but (without prejudice to Condition 8.4) shall terminate when either the Issuer has determined to divide such Pool and such division has become effective or the Issuer has announced via an RIS that it has determined not to divide such Pool; and
- (c) any suspension shall not affect any Redemption the Pricing Date for which had passed before the suspension commenced, but any Settlement Redemption Form or Agreed Redemption Form lodged or deemed received on an Issuer Business Day when the right to Redeem Short or Leveraged Commodity Securities of that class is suspended pursuant to this Condition shall be invalid.

8. COMPULSORY REDEMPTION BY THE ISSUER OR TRUSTEE

Compulsory Redemption on Termination

8.1 The Issuer may at any time (upon not less than seven days' notice in the case of (a) below, not less than thirty days' notice in the case of (b) below) by RIS announcement nominate an Issuer Business Day to be a Compulsory Redemption Date for all Short and Leveraged Commodity Securities, or all Short or Leveraged Commodity Securities of any one or more class, if:

- (a) notice is given by either party thereto terminating a Facility Agreement or nominating a compulsory pricing date thereunder in respect of all Commodity Contracts created thereunder; or
- (b) the Issuer elects to Redeem all Short and Leveraged Commodity Securities, or all Short or Leveraged Commodity Securities of any one or more class,

provided that a notice given under paragraph (b) may be withdrawn until the date not later than seven days prior to the date nominated to be the Compulsory Redemption Date so long as there remains in effect at least one Facility Agreement pursuant to which subsequent to that date Commodity Contracts of the same class as such Short and Leveraged Commodity Securities may be created.

8.2 If a Counterparty Event of Default or an Issuer Insolvency Event has occurred and is continuing, the Trustee may at any time, at its discretion, and shall if so directed in writing by Security Holders holding not less than 25 per cent. by Principal Amount (as at the date of the last signature) of the affected Short and Leveraged Commodity Securities (as a whole) then outstanding or by an Extraordinary Resolution of the Security Holders holding affected Short and Leveraged Commodity Securities (as a single class), the Trustee having first been indemnified and/or secured to its satisfaction, give notice to the Issuer that all the affected Short and Leveraged Commodity Securities outstanding are required to be Redeemed and nominating an Issuer Business Day falling not less than 20 Issuer Business Days (or two Issuer Business Days in the case of an Issuer Insolvency Event) from the giving of such notice to be a Compulsory Redemption Date, and for this purpose "affected Short and Leveraged Commodity Securities" means, in the context of an Issuer Insolvency Event, all of them, and, in the context of a Counterparty Event of Default, those Short and Leveraged Commodity Securities that are attributable to the Pool or Pools which include rights against that particular Commodity Contract Counterparty.

8.3 If a Compulsory Redemption Date is nominated by the Issuer pursuant to Condition 8.1(a) in relation to any Short or Leveraged Commodity Securities following notice having been given by the Issuer to terminate a Facility Agreement or to nominate a compulsory pricing date thereunder by reason of a Counterparty Event of Default and, prior to the Compulsory Redemption Date, the Issuer has either:

- (a) determined to divide a Pool to which outstanding Commodity Contracts created under that Facility Agreement are attributable by allocating all such Commodity Contracts to the New Pool in accordance with Condition 18.3; or
- (b) announced by an RIS its intention to do so or that it is considering doing so,

the Issuer may determine that the Redemption pursuant to Condition 8.1(a) shall not apply to the Short or Leveraged Commodity Securities attributable to that Pool but shall apply (*mutatis mutandis*) to the New Short or Leveraged Commodity Securities attributable to such new Pool and otherwise on the basis of this Condition 8. If in the case of paragraph (b) such division shall not have become effective within 30 days of such announcement, this Condition shall cease to have effect. The Issuer shall give notice of any determination made pursuant to this

Condition 8.3 via an RIS as soon as practicable, but failure to give any such notice shall not prevent the exercise of its powers hereunder.

- 8.4 If a Facility Agreement has been terminated, or notice of a compulsory pricing date thereunder by reason of a Counterparty Event of Default has been given, then no further Redemption Forms in respect of Short or Leveraged Commodity Securities attributable to a Pool to which outstanding Commodity Contracts created under that Facility Agreement are attributable, given on or after the date of such termination or given or deemed given after the date of such notice shall be effective unless and until whichever occurs earlier of:
- (a) the Issuer has determined to divide such Pool as referred to in Condition 8.3 and such division has become effective; and
 - (b) if the Issuer has announced by an RIS that Redemption Forms given after, or on or after, the date specified in such announcement will be effective, the date determined in accordance with such announcement. Any such announcement may be general or subject to conditions and any Redemption Form which would not be effective in the absence of such announcement shall not be effective if it is not in accordance with such conditions.

Compulsory Redemption due to Index Disruption

- 8.5 The Issuer may at any time (upon not less than thirty days' notice) by RIS announcement nominate an Issuer Business Day to be a Compulsory Redemption Date for all Short or Leveraged Commodity Securities of a particular class if:
- (a) a Commodity Index which relates to that class of Short or Leveraged Commodity Securities is no longer calculated and published in accordance with the Handbook and the Calculation Agent gives notice to the Issuer under a Facility Agreement of its intent to discontinue calculation and notification of that Commodity Index to the Issuer under that Facility Agreement; or
 - (b) non-calculation or non-publication of a Commodity Index which relates to that class of Short or Leveraged Commodity Securities for any reason continues for a continuous period of thirty days, and a Commodity Contract Counterparty and the Issuer are unable to reach agreement on a permanent replacement mechanism or amendments to the relevant Facility Agreement to give effect to that mechanism.

Compulsory Redemption due to Hedging Disruption

- 8.6 The Issuer may at any time (upon not less than thirty days' notice) by RIS announcement nominate an Issuer Business Day to be a Compulsory Redemption Date for a particular class of Short or Leveraged Commodity Securities, if as a consequence of a Hedging Disruption Event a Commodity Contract Counterparty or any of its Affiliates is required by law or by the order of a regulatory authority having jurisdiction to close hedging positions (if any) which a Commodity Contract Counterparty (acting reasonably) attributes to the hedging of its obligations in connection with the relevant Facility Agreement or Commodity Contracts of the same class. Any such notice may specify a number of Short or Leveraged Commodity Securities (which may not be all of those Short or Leveraged Commodity Securities) to be redeemed in consequence of such notice and if in relation to any particular class of Short or Leveraged Commodity Securities the Issuer does not redeem all the outstanding Short or Leveraged Commodity Securities they will be redeemed in accordance with Condition 8.13 *pro rata* to holdings on the relevant Register as at the Compulsory Redemption Date. Any nomination of a Compulsory Redemption Date by the Issuer under this Condition 8.6 in relation to less than all of the Short or Leveraged Commodity Securities of a particular class is subject to Condition 7.18.

Compulsory Redemption on a fall in the Price relative to the Principal Amount

8.7 If on any Pricing Day the Price of any class of Short or Leveraged Commodity Security falls to 2.5 times the Principal Amount of such Short or Leveraged Commodity Security or below, the Issuer may at any time, for so long as the Price continues to be less than 2.5 times the Principal Amount of such Short or Leveraged Commodity Security and during the period 60 days thereafter, upon not less than 2 days' notice by RIS announcement nominate an Issuer Business Day to be a Compulsory Redemption Date in respect of that class of Short or Leveraged Commodity Security and subject to Condition 3.2 investors will receive a sum on such Compulsory Redemption calculated in accordance with Condition 8.13. The right to nominate an Issuer Business Day to be a Compulsory Redemption Date to this Condition 8.7 shall cease if an Extraordinary Resolution is passed which has the effect of reducing the Principal Amount to a level less than two-fifths of the Price, but this is without prejudice to any subsequent nomination pursuant to this Condition if on any Pricing Day the Price of that class of Short or Leveraged Commodity Security falls to 2.5 times the Principal Amount (as so reduced) of such Short or Leveraged Commodity Security or below.

Compulsory Redemption when Intra-day Price falls to zero

8.8 If the Calculation Agent notifies the Issuer that the Intra-day Price of Commodity Contracts of the same class as any Short or Leveraged Commodity Securities has fallen to or below zero at any time during any Trading Day and a Commodity Contract Counterparty notifies the Issuer that Commodity Contracts of that class have been terminated then a number of Short or Leveraged Commodity Securities of such class equivalent to the number of Commodity Contracts of that class that have been terminated will automatically be subject to a Compulsory Redemption on that day and, subject to Condition 3.2, Security Holders in respect thereof will receive a sum calculated in accordance with Condition 8.13 as if a Compulsory Redemption Date had been notified in respect of such Short or Leveraged Commodity Securities. The Issuer will give notice via a RIS as soon as practicable upon being notified as described in the preceding sentence of this Condition 8.8, but no liability is assumed by the Issuer for any failure to give any such notice and failure to give any such notice shall not prejudice any Compulsory Redemption pursuant to the preceding sentence of this Condition 8.8 which shall have effect as provided therein whether or not, and irrespective of when, notice is given by the Issuer pursuant to this sentence. Where pursuant to this Condition not all outstanding Short or Leveraged Commodity Securities of a particular class will be redeemed on such day, they will be redeemed *pro rata* to holdings on the relevant Register as at that day.

Compulsory Redemption for cause

8.9 The Issuer may, in its absolute discretion, at any time by written notice to a Security Holder nominate an Issuer Business Day (being not less than seven Trading Days and not more than fourteen Trading Days following the date of the notice) to be a Compulsory Redemption Date in respect of Short and Leveraged Commodity Securities held by that Security Holder, if:

- (a) the Issuer required the Security Holder in accordance with Condition 13 to certify whether or not it is a Prohibited Benefit Plan Investor and (i) the Security Holder did not by the date specified in the notice given under Condition 13 provide such a certification to the Issuer in the form and executed in the manner required or (ii) the Security Holder certified that it is a Prohibited Benefit Plan Investor; or
- (b) the Issuer required the Security Holder in accordance with Condition 13 to certify whether or not it is a Prohibited US Person and the (i) Security Holder did not by the date specified in the notice given under Condition 13 provide such a certification to the Issuer in the form and executed in the manner required or (ii) the Security Holder certified that it is a Prohibited US Person; or

- (c) the Issuer considers (in its sole discretion) (i) that such Short and Leveraged Commodity Securities are or may be owned or held directly or beneficially by any person in breach of any law or requirement of any country or by virtue of which such person is not qualified to own those Short and Leveraged Commodity Securities, or (ii) that the ownership or holding or continued ownership or holding of those Short and Leveraged Commodity Securities (whether on its own or in conjunction with any other circumstance appearing to the Issuer to be relevant) would, in the reasonable opinion of the Issuer, cause a pecuniary or tax disadvantage to the Issuer or any other Security Holders which it or they might not otherwise have suffered or incurred,

provided that if the relevant Security Holder in the case of sub-paragraph (a)(i) or (b)(i) so failed to provide such a certification, or in the case of sub-paragraph (a)(ii) or (b)(ii) certified that it is a Prohibited Benefit Plan Investor or a Prohibited US Person, in each case in respect of some only of the Short and Leveraged Commodity Securities held by it, a notice given by the Issuer under this Condition shall relate only to those Short and Leveraged Commodity Securities (and not any other Short or Leveraged Commodity Securities held by that Security Holder).

- 8.10 If a Security Holder which is the subject of a notice under Condition 8.9 provides to the Issuer prior to the Notice Deadline proof required by the Issuer that its Short and Leveraged Commodity Securities have been transferred to a person that is not a Prohibited Benefit Plan Investor or a Prohibited US Person, then the Short and Leveraged Commodity Securities referred to in that notice shall not be redeemed under these Conditions.
- 8.11 If a Security Holder which is the subject of a notice under Condition 8.9 does not provide to the Issuer prior to the Notice Deadline proof required by the Issuer that its Short and Leveraged Commodity Securities have been transferred to a person that is not a Prohibited Benefit Plan Investor or a Prohibited US Person, then the Short and Leveraged Commodity Securities referred to in that notice shall not be capable of being transferred by that Security Holder and the Issuer shall not be required to register any purported transfer of those Short and Leveraged Commodity Securities.
- 8.12 The Issuer shall not be required to give any reasons for any decision, determination or declaration taken or made in accordance with this Condition 8. The exercise of the powers conferred by this Condition 8 shall not be questioned or invalidated in any case on the grounds that there was insufficient evidence of direct or beneficial ownership or holding of the Short and Leveraged Commodity Securities, or any other grounds save that such powers shall have been exercised in good faith.

Compulsory Redemptions

- 8.13 Where a Compulsory Redemption Date is notified in accordance with these Conditions other than pursuant to Condition 8.9, in respect thereof:
- (a) the Issuer shall, no later than 8.00 a.m. on the Compulsory Redemption Date, by RIS announcement publish the Compulsory Daily Pricing Number of Short and Leveraged Commodity Securities of each relevant class to be priced on successive Pricing Days for each class commencing on the Compulsory Redemption Date;
- (b) on the Compulsory Redemption Date and on any required succeeding Pricing Day the applicable Compulsory Number Priced for each class of Short or Leveraged Commodity Securities to which the Compulsory Redemption Date relates shall be priced until Short or Leveraged Commodity Securities of that class (including, in the case of a Compulsory Redemption Date notified in accordance with Condition 8.6, all those Short or Leveraged Commodity Securities that have previously been deducted from the Compulsory Daily Pricing Number for that class pursuant to the proviso contained in the definition of “Compulsory Number Priced” in connection with that

Compulsory Pricing Date) in a number equal to the Compulsory Redemption Number for that class have been priced;

- (c) on the Redemption Payment Date for such Compulsory Redemption the Issuer shall (subject to the Security Holder depositing the Short and Leveraged Commodity Securities in question into an appropriate CREST account or otherwise delivering such Short and Leveraged Commodity Securities to the Issuer by agreement with the Issuer) pay into the appropriate Redemption Account(s) the sum of the Prices or, if higher in each case but not in aggregate (but subject to Condition 3.2), the Principal Amounts of all Short and Leveraged Commodity Securities thereby priced together with an amount equivalent to interest thereon calculated at the rate of the Capital Adjustment then prevailing, in each case from the second London Business Day following the Pricing Day on which that Price was determined (*provided that* if either that day or the preceding London Business Day is not also a New York Business Day then from the Business Day next following the day from which it would have been calculated but for this proviso) until and including the Redemption Payment Date;
- (d) each Redemption Account shall be credited with the relevant Security Holder's *pro-rata* share of the sum of the Prices or, if higher in each case but not in aggregate (but subject to Condition 3.2), the Principal Amounts of all Short and Leveraged Commodity Securities thereby priced (and the Issuer shall be under no obligation to make payment of the amount so priced until that amount shall have been determined); and
- (e) upon payment in full of that amount all such Short and Leveraged Commodity Securities which were so priced shall be cancelled.

8.14 Where a Compulsory Redemption Date is notified to a Security Holder in accordance with Condition 8.9:

- (a) the Redemption Amount with respect to such Redemption shall be the amount (in US Dollars) equal to the sum of the Prices for the relevant Short and Leveraged Commodity Securities determined in accordance with paragraph (b);
- (b) on the Compulsory Redemption Date and on any required succeeding Pricing Day the applicable Compulsory Number Priced of each class of Short and Leveraged Commodity Securities shall be priced until Short and Leveraged Commodity Securities of that class in a number equal to the Compulsory Redemption Number for that class have been priced; and
- (c) within three Business Days of the Redemption Payment Date for such Compulsory Redemption the Issuer shall (subject to the Security Holder depositing the Short and Leveraged Commodity Securities in question into an appropriate CREST account or otherwise delivering such Short and Leveraged Commodity Securities to the Issuer in such manner as may be agreed by the Issuer or otherwise all such Short and Leveraged Commodity securities being cancelled to the satisfaction of the Issuer) pay into the appropriate Redemption Account(s) the Redemption Amount.

9. SETTLEMENT OF REDEMPTION AMOUNTS

9.1 Where a Redemption Form has been given for the Redemption of Short or Leveraged Commodity Securities, the Security Holder which holds those Short or Leveraged Commodity Securities which are the subject of that Redemption must deposit the Short or Leveraged Commodity Securities in question into an appropriate CREST account and give correct delivery versus payment instructions in accordance with the Redemption Notice if they were in Uncertificated Form, or otherwise deliver the Short or Leveraged Commodity Securities to be Redeemed and any certificates representing them to the Issuer in such manner

as the Issuer may agree if they are in Certificated Form. Once a valid Redemption Form is given in respect of Short or Leveraged Commodity Securities, unless the Redemption Form is validly withdrawn (in accordance with Condition 7.9) the Short or Leveraged Commodity Securities in respect of which it was given may not be transferred by the Security Holder (except to the Issuer), and the Issuer may refuse to recognise any subsequent transfer of any of those Short or Leveraged Commodity Securities.

- 9.2 Failure by a Security Holder to deposit those Short or Leveraged Commodity Securities into an appropriate CREST account and give correct delivery versus payment instructions shall not invalidate the Redemption of those Short or Leveraged Commodity Securities. Where settlement of a Redemption of Short or Leveraged Commodity Securities is delayed due to the failure of the Security Holder to deposit the Short or Leveraged Commodity Securities in question into an appropriate CREST account or give correct delivery versus payment instructions or otherwise deliver such Short or Leveraged Commodity Securities and any certificates representing them in a manner agreed by the Issuer, the Security Holder shall not be entitled to any interest on the Redemption Amount after the Redemption Payment Date. If the Security Holder fails to deliver such Short or Leveraged Commodity Securities to the Issuer (via the CREST system or another method agreed with the Issuer), the Issuer shall be entitled to pay the Redemption Amount in respect thereof into the Trustee's Redemption Account (to be held on trust for the Security Holder), and to cancel the entry in the Register in respect of those Short or Leveraged Commodity Securities.
- 9.3 Where Short or Leveraged Commodity Securities are Redeemed in accordance with Condition 8, the Issuer shall be entitled, upon payment of the Redemption Amount (less the Redemption Fee, if applicable) into the applicable Redemption Account to cancel the entry in the Register in respect of those Short or Leveraged Commodity Securities being Redeemed.
- 9.4 Save to the extent that the proviso to Condition 7.2 applies, payment of the Redemption Amount (less any applicable Redemption Fee deducted under Condition 10) into the applicable Redemption Account on the Redemption Payment Date is in full satisfaction of all liability which the Issuer has to Security Holders in respect of the Short or Leveraged Commodity Securities which have been Redeemed.
- 9.5 The Issuer may, at any time, notify a Security Holder that a Commodity Contract Counterparty may have to withhold or deduct from a payment for a Commodity Contract Termination that corresponds to any Redemption by that Security Holder an amount for or on account of, any present or future taxes, duties assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any relevant jurisdiction or any political sub-division thereof or any authority thereof having power to tax, as required by law (as modified by the practice of any relevant governmental revenue authority) then in effect and such notice shall specify any form or document to be delivered by beneficial owners of Short or Leveraged Commodity Securities that may allow the Commodity Contract Counterparty to make such payment without any such withholding or deduction or with such withholding or deduction at a reduced rate. If such forms or documents are not provided to the Issuer and the relevant Commodity Contract Counterparty by the relevant Security Holder or if it is not the beneficial owner of Short or Leveraged Commodity Securities held by such Security Holder and which are to be redeemed, then any such payment will be reduced (and the matching obligation of the Issuer to pay any Redemption Amount to that Security Holder will also be reduced) by the amount of the withholding or deduction. If there is more than one Commodity Contract Counterparty, the Issuer shall not be under any obligation to select the Commodity Contract Counterparty to whom the Commodity Contract Termination relates with a view to minimising or avoiding any such withholding or deduction or otherwise and shall have no liability to Security Holders in respect of any such selection or otherwise in relation to any such withholding or deduction.

- 9.6 The Redemption of Short or Leveraged Commodity Securities by the Issuer pursuant to the occurrence of a Listing Failure, and delivery of Short or Leveraged Commodity Securities by an Authorised Participant in connection therewith, shall be effected in accordance with the procedures set out in the applicable Authorised Participant Agreement.
- 9.7 The Issuer may give such directions to the Security Holder as appear to the Issuer to be necessary to enable the settlement of any payment or delivery to be made by it pursuant to this Condition.

10. REDEMPTION FEE

- 10.1 Subject as provided below, it is a condition to the performance by the Issuer of the obligation to Redeem Short and Leveraged Commodity Securities that the Issuer may deduct the Redemption Fee from the Redemption Amount and that if it does not the Security Holder of such Short and Leveraged Commodity Securities shall pay to the Issuer the Redemption Fee in respect of such Redemption in accordance with this Condition 10. The Issuer may offset the amount of the Redemption Fee payable hereunder against the Redemption Amount payable to the Security Holder.
- 10.2 On a Redemption of Short and Leveraged Commodity Securities at the request of an Authorised Participant, the Redemption Fee shall be the amount agreed in the relevant Authorised Participant Agreement to be payable, or such other amount as may be agreed by the Issuer and that Authorised Participant at the time of the Redemption, regardless of the number of Short and Leveraged Commodity Securities being redeemed.
- 10.3 On a Redemption of Short and Leveraged Commodity Securities at the request of a Security Holder who is not an Authorised Participant (where there are no Authorised Participants), the Redemption Fee shall be an amount equal to the cost to the Issuer of satisfying such Redemption request, which shall be notified to the Security Holder at the time of the Redemption being not greater than £500 or such other amount as may be notified through a RIS.
- 10.4 On a Compulsory Redemption of Short and Leveraged Commodity Securities by the Issuer or at the request of the Trustee, the Redemption Fee shall be an amount equal to the cost to the Issuer incurred in relation to the Redemption, including the costs of enquiries under Condition 13 and the cost of giving notices under Condition 8 being not greater than £500 or such other amount as may be notified through a RIS. The Issuer shall notify Security Holders whose Short and Leveraged Commodity Securities are subject to Compulsory Redemption of the amount of those costs, and their allocation to particular Security Holders, at the time of the Redemption.
- 10.5 The Issuer may set off any amount payable to the Issuer in accordance with this Condition 10 by the holder of Short and Leveraged Commodity Securities in respect of the Redemption Fee against the Redemption Amount payable by the Issuer to such holder.

11. INTEREST ON SETTLEMENT FAILURE

Following the occurrence of a Settlement Failure, interest shall accrue on any balance of the Redemption Amount not paid or otherwise discharged by or on behalf of the Issuer from the Settlement Failure Date. Such interest shall:

- (a) accrue at the Funding Rate from and including the Settlement Failure Date to but excluding the date falling two Business Days after the Settlement Failure Date, and thereafter at the Default Rate; and
- (b) cease to accrue on the date on which such balance is paid into the relevant Redemption Account.

12. SATISFACTION OF REDEMPTION FORMS BY TRANSFER

The Issuer may in its absolute discretion elect to satisfy Redemption Forms by transfer of the appropriate number of Short and Leveraged Commodity Securities to one or more Authorised Participant(s) from Security Holder(s) seeking Redemption, and for that purpose the Issuer may authorise any person on behalf of the Security Holder to execute one or more instruments of transfer in respect of the relevant number(s) of Short and Leveraged Commodity Securities provided that the amount payable to the Security Holder shall still be an amount equal to the relevant Redemption Amount (less the Redemption Fee) and the relevant Redemption Payment Day will be the date of the transfer(s).

13. ENQUIRIES AS TO STATUS OF SECURITY HOLDERS

- 13.1 The Issuer may at any time, without any requirement to state a reason, give notice to a Security Holder requiring that Security Holder:
- (a) to certify, no later than the date (the *Investor Notice Expiry Date*) falling fifteen Trading Days following the date on which the Issuer sends or transmits such requirement to that Security Holder whether that Security Holder is a Prohibited US Person or a Prohibited Benefit Plan Investor (and if that Security Holder is a Prohibited Benefit Plan Investor or Prohibited US Person, to notify the Issuer of the number and class of Short and Leveraged Commodity Securities in respect of which it is a Prohibited Benefit Plan Investor or Prohibited US Person); and
 - (b) if that Security Holder asserts that it is not a Prohibited US Person or not a Prohibited Benefit Plan Investor (or not a Prohibited Benefit Plan Investor or not a Prohibited US Person in respect of all Short and Leveraged Commodity Securities held by it), to provide to the Issuer by the Investor Notice Expiry Date a certificate in the form and executed in the manner determined by the Issuer that the Security Holder is not a Prohibited US Person or not a Prohibited Benefit Plan Investor (or not a Prohibited Benefit Plan Investor or not a Prohibited US Person in respect of certain Short and Leveraged Commodity Securities held by it, specifying the number and class of Short or Leveraged Commodity Securities in respect of which it is, and is not, a Prohibited Benefit Plan Investor or is, and is not, a Prohibited US Person).
- 13.2 The Issuer may provide to any Commodity Contract Counterparty copies of any enquiries made by it under this Condition 13 and any responses received from the Security Holder.
- 13.3 The Issuer shall be entitled, save to the extent that it has made enquiry under this Condition 13, to assume that none of the Short and Leveraged Commodity Securities are held by Prohibited US Persons or Prohibited Benefit Plan Investors.

14. CALCULATION AGENT

- 14.1 The Calculation Agent is appointed by the Issuer and each Commodity Contract Counterparty for the purposes of the relevant Facility Agreement (but not for the purposes of these Conditions, the Short and Leveraged Commodity Securities or the Trust Instrument):
- (a) to determine whether a Market Disruption Event exists and to make the determinations and calculations expressly contemplated in the definition of “Intra-day Price”;
 - (b) to make the calculations and determinations expressly contemplated in the definitions of “Exchange Index Value”, “Out-of-Hours Index Value”, “Restrike Index Value” and “Restrike Index Value Determination Window”;

- (c) if an Individual Commodity Index is not published for five or more consecutive Trading Days by reason of those Trading Days being Market Disruption Days in respect of that Individual Commodity Index or any Composite Commodity Index is not published for five or more consecutive Trading Days by reason of those Trading Days being Market Disruption Days in relation to any commodity the Settlement Price of which is used to determine that Composite Commodity Index, to calculate and provide to the Issuer in each case a substitute value for that Commodity Index on each subsequent Trading Day for as long as the Market Disruption Event continues;
 - (d) if a Commodity Index is not published on a Trading Day for any reason other than that Trading Day being a Market Disruption Day in respect of that Commodity Index, to calculate and provide to the Issuer a substitute value for that Commodity Index for that Trading Day and for each subsequent Trading Day for as long as the non-publication continues; and
 - (e) to make the determinations and calculations provided for in Condition 7.10(d)(ii).
- 14.2 The Calculation Agent is or will be required under each relevant Facility Agreement (or any calculation agency agreement entered into by it in connection therewith) to act in good faith and in a commercially reasonable manner and in accordance with its obligations set out in that Facility Agreement (or such calculation agency agreement). Subject thereto, in the absence of manifest error the determinations of the Calculation Agent are final and conclusive.
- 14.3 Where for the purposes of each Facility Agreement the Calculation Agent calculates a substitute value for a Commodity Index it is or will be required to adopt and follow the following principles in making that calculation:
- (a) the substitute value shall be based on the Calculation Agent's determination of the fair market value at such time of the futures contracts underlying the Commodity Index based on factors the Calculation Agent deems relevant, including, but not limited to, prices in other commodity markets, any available electronic or after hours trading prices, related over-the-counter or other non-exchange based prices, implied prices that may be derived from other exchange traded instruments, and estimated fair values based on fundamental market information; and
 - (b) in determining the substitute value, the Calculation Agent shall have regard to relative movements in prices in other commodity futures markets for the same or similar commodities which were not affected by the Market Disruption Event or other event.
- 14.4 Where for the purposes of each Facility Agreement a substitute value for a Commodity Index is calculated by the Calculation Agent for a Trading Day, that substitute value shall be used in the calculation of the Price of Short or Leveraged Commodity Securities to which that Commodity Index is applicable for that Trading Day, in lieu of the Commodity Index. Where for the purposes of each Facility Agreement a substitute value for an Individual Commodity Index is calculated by the Calculation Agent for any time on any day for the purposes of the definition of "Exchange Index Value", "Out-of-Hours Index Value" or "Restrike Index Value" in each Facility Agreement, that substitute value shall be used for the purposes of the definition of "Exchange Index Value", "Out-of-Hours Index Value" or "Restrike Index Value" (as the case may be) in these Conditions as provided therein.

- 14.5 Where for the purposes of each Facility Agreement the Calculation Agent calculates a substitute value for an Individual Commodity Index as referred to in Condition 14.1(b), it is or will be required to adopt and follow the principles referred to in Condition 14.3 and the following principles in making that calculation:
- (a) in respect of Out-of-Hours in respect of any Three Times Commodity Commodity Contract of any class and any General Trading Session, the Calculation Agent shall have regard to the liquidity or illiquidity of any relevant market during such Out-of-Hours; and
 - (b) in respect of any Three Times Commodity Commodity Contract of any class in respect of which the Relevant Exchange for the applicable Individual Commodity Index is the London Metal Exchange, the Calculation Agent shall also have regard to the price of the 3-month futures contract specified for the particular Constituent Metal (as such term is defined in the 'London Metal Exchange Rules And Regulations' as published by the London Metal Exchange (or its subsidiaries or any successor)) applicable to that class.
- 14.6 If the Issuer provides copies to the Trustee of determinations notified to the Issuer by the Calculation Agent and/or notifies the Trustee (or any other person) of determinations made by the Calculation Agent, but it shall do so on the express basis that:
- (a) such copies and notifications are provided to the Trustee for information purposes only;
 - (b) neither the Trustee nor any holder or potential holder of Short or Leveraged Commodity Securities shall be entitled to rely as against the Calculation Agent upon any determination of the Calculation Agent; and
 - (c) no duty shall be owed by the Calculation Agent to the Trustee or any holder or potential holder of Short and Leveraged Commodity Securities in connection with any such determination.

15. ENFORCEMENT

- 15.1 In addition to any of the powers conferred on the Trustee pursuant to the Security Deed with respect to the Secured Property, the Trustee may at any time:
- (a) after the occurrence of a Defaulted Obligation, at its discretion, and shall, if so directed in writing by the Security Holder to whom such Defaulted Obligation is owed, the Trustee having first been indemnified and/or secured to its satisfaction against all Liabilities to which it may thereby render itself liable or which it may incur by so doing, take such proceedings and/or other action as it may think fit against or in relation to the Issuer to enforce any such obligation of the Issuer under the Trust Instrument and the security constituted by the Security Deed(s) in respect of the relevant Short and Leveraged Commodity Securities to which such Defaulted Obligation relates; and
 - (b) if a Counterparty Event of Default and/or an Issuer Insolvency Event has occurred and is continuing, at its discretion, and shall if so directed in writing by Security Holders holding not less than 25 per cent. by Price (as at the date of the last signature or, if no Price was determined on such date the most recently determined Price) of the affected Short and Leveraged Commodity Securities (as a whole) then outstanding or by an Extraordinary Resolution of the Security Holders holding affected Short or Leveraged Commodity Securities (as a single class), the Trustee having first been indemnified and/or secured to its satisfaction against all Liabilities to which it may thereby render itself liable or which it may incur by so doing, take such proceedings

and/or other action as it may think fit against or in relation to the Issuer to enforce any obligations of the Issuer under the Trust Instrument and the security constituted by the Security Deed(s) in respect of all affected and outstanding Short or Leveraged Commodity Securities and for this purpose (and Condition 15.3) “affected Short or Leveraged Commodity Securities” means, in the context of an Issuer Insolvency Event, all of them, and, in the context of a Counterparty Event of Default, those Short or Leveraged Commodity Securities that are attributable to the Pool or Pools which include rights against that particular Commodity Contract Counterparty.

- 15.2 If the Trustee considers that the Issuer is in material breach of any of the covenants, undertakings and obligations (other than payment obligations) in the Trust Instrument and has not remedied the same within 30 calendar days of being required to do so by the Trustee, the Trustee may, but shall not be obliged to, give notice to all Security Holders of that fact. Prior to giving any such notice, the Trustee shall provide a copy of the proposed notice to the Issuer and shall include with the notice any statement of not more than 1,000 words prepared by the Issuer and provided to the Trustee for the purpose within 7 calendar days of receipt of the copy of the proposed notice referred to herein. In any such notice the Trustee may designate a Period (the **Breach Redemption Period**) commencing on any General Trading Day until the date one month from such General Trading Day (inclusive) during which each Security Holder will be entitled to redeem all (but not some only) of the Short and Leveraged Commodity Securities held by it in the same manner as though there were no Authorised Participants. After the expiry of the Breach Redemption Period, the relevant breach shall be deemed waived without prejudice to the right of the Trustee to take action in the event of any subsequent such breach.
- 15.3 In the event that at any time during the Breach Redemption Period the right to Redeem Short or Leveraged Commodity Securities of any class pursuant to Condition 7.1(a) is suspended pursuant to Condition 7.18 or the right to Redeem Short or Leveraged Commodity Securities of any class is suspended pursuant to Condition 7.19, then the right to Redeem Short or Leveraged Commodity Securities of that class pursuant to Condition 15.2 shall be suspended in like manner and the provisions of Condition 7.18(c) or Condition 7.19(c) (as the case may be) shall apply *mutatis mutandis*. Upon the suspension ceasing under Condition 7.18 or Condition 7.19 (as the case may be), the right to Redeem Short or Leveraged Commodity Securities of that class pursuant to Condition 15.2 shall resume and the Breach Redemption Period in respect of that class shall continue until the date one month from the date on which the suspension so ceased.
- 15.4 If a Counterparty Event of Default and/or an Issuer Insolvency Event is occurring at the same time as a Defaulted Obligation, a Security Holder holding affected Short and Leveraged Commodity Securities to whom a Defaulted Obligation is owed will not be entitled to require the Trustee to take action in accordance with Condition 15.1(a) until the expiry of 30 calendar days from the occurrence of the Counterparty Event of Default and/or Issuer Insolvency Event, nor shall he be so entitled if, during such period of 30 calendar days, the Trustee has elected, or been required, to take action in accordance with Condition 15.1(b).
- 15.5 Subject to Condition 15.7, only the Trustee may enforce the provisions of the Trust Instrument or the Security Deeds. Where the Trustee has elected or been directed to enforce the Issuer’s obligations under the Trust Instrument and the security constituted by a Security Deed, the right of Security Holders to lodge a Redemption Form with the Issuer shall cease. Valid Redemption Forms lodged before the date the Trustee announces its intention to enforce the security (the **Election Date**) will be Redeemed in the normal manner. The Price for all Short or Leveraged Commodity Securities of a particular class outstanding at the Election Date will be the average Redemption Amount of the remaining Short or Leveraged Commodity Securities of that class.

- 15.6 If the Trustee takes any action pursuant to Condition 15.1 with respect to any Short and Leveraged Commodity Securities to which a Defaulted Obligation relates, it shall give notice to the Issuer that such Short and Leveraged Commodity Securities in respect of which such action is taken are, and they shall become, due and payable at their Redemption Amount, calculated in accordance with Condition 7.1 (*Redemption Entitlement*).
- 15.7 No Security Holder will be entitled to proceed directly against the Issuer unless the Trustee, having become bound so to proceed, fails to do so within a reasonable period and such failure is continuing, in which case any such Security Holder will have only such rights against the Issuer as those which the Trustee is entitled to exercise against or in relation to the Issuer.

16. APPLICATION OF MONEYS

All moneys received by the Trustee pursuant to the realisation of Secured Property in respect of a particular class of Short or Leveraged Commodity Securities shall be held by the Trustee upon trust, to apply them:

- (a) FIRST in payment or satisfaction of all amounts then due to the Trustee and unpaid (including to its attorneys, managers, agents, delegates or other person appointed by the Trustee) under terms of the Trust Instrument, and to payment of any remuneration and expenses of any receiver and the costs of realisation of the security constituted by the relevant Security Deed;
- (b) SECONDLY in or towards payment or performance *pari passu* and rateably of all amounts then due and unpaid and all obligations due to be performed and unperformed in respect of Short and Leveraged Commodity Securities of that class; and
- (c) THIRDLY in payment of the balance (if any) to the Issuer (without prejudice to, or liability in respect of, any question as to how such payment to the Issuer shall be dealt with as between the Issuer and any other person).

17. RESTRICTIONS

So long as any Short and Leveraged Commodity Securities of a particular class are outstanding, the Issuer covenants in the Trust Instrument, *inter alia*:

- (a) not to incur or permit to subsist in respect of any Pool any indebtedness for borrowed money other than Short and Leveraged Commodity Securities or Further Securities, and not to give any guarantee or indemnity in respect of indebtedness of any person, save in each case with the prior written consent of the Trustee;
- (b) other than as permitted under the applicable Security Deed, not to dispose of any of the Secured Property or any interest therein, or to create any mortgage, pledge, charge, lien, or other form of encumbrance or security interest or right of recourse in respect thereof in favour of any person;
- (c) not to undertake any business save for the issue and redemption of Short and Leveraged Commodity Securities, the acquisition and disposal of Commodity Contracts, the issue and redemption of Classic and Longer Dated Securities (and any other securities constituted by the Classic and Longer Dated Trust Instrument) and the acquisition and disposal of Commodity Contracts (as defined in the Classic and Longer Dated Trust Instrument) and in each case entering into the necessary documents and performing its obligations and exercising its rights thereunder;

- (d) to use reasonable endeavours to ensure that at all times after the date three months following Listing there are at least two Authorised Participants and until then there is at least one Authorised Participant;
- (e) not to issue any Short or Leveraged Commodity Securities of any class unless it has purchased Commodity Contracts with corresponding terms and in an aggregate matching Redemption Amount;
- (f) not to maintain an office or other fixed place of business, nor to establish any permanent establishment, nor be or become tax resident, in any jurisdiction other than Jersey;
- (g) not to make any election under U.S. federal income tax laws to be treated otherwise than as an association taxable as a corporation for U.S. federal income tax purposes;
- (h) to undertake any business so as to seek to minimise the impact of taxation;
- (i) to procure that the Pools are at all times maintained in a manner so that they are readily distinguishable from each other and from any other pool to which any other class of securities of the Issuer is attributable (including but not limited to any Pool (as defined for the purposes of the Classic and Longer Dated Trust Instrument)); and
- (j) to exercise its rights in respect of any Collateral in any circumstance where such rights become exercisable and there are amounts due from the relevant Commodity Contract Counterparty and unpaid.

18. FURTHER SECURITIES; OTHER POOLS; TRANSFERS TO NEW POOLS; CONSOLIDATION AND DIVISION

- 18.1 Subject to its ability to create corresponding Commodity Contracts, the Issuer may (without the consent of the Security Holders) create and issue additional classes of undated limited recourse secured debt securities constituted by an instrument or deed supplemental to this Trust Instrument and may establish additional pools for the purposes of such securities and the Trustee shall join in such instrument or deed and thereupon such pool shall be a “Pool” for the purposes of the Trust Instrument and such securities shall be Short or Leveraged Commodity Securities for such purposes. Any such additional classes of Short and Leveraged Commodity Securities shall have recourse only to the Pool attributable to the relevant class and not to any other Pool. Other such securities created and issued by the Issuer under this Condition 18.1 may relate to different commodities than those in respect of which Short and Leveraged Individual Securities are initially issued, or involve the same commodities but different commodity indices, or be Short and Leveraged Index Securities involving different composite commodity indices, or have different Leverage Factors. Other such securities created by the Issuer under this Condition 18.1 may be created and issued subject to different terms and conditions in lieu of the Trust Instrument (including but not limited to different pricing mechanisms), to be determined by the Issuer. If other securities issued by the Issuer under this Condition 18.1 are subject to different terms and conditions in lieu of the Trust Instrument the Issuer shall publish those new conditions in its RIS announcement or in a prospectus or listing particulars or supplementary prospectus or supplementary listing particulars and on the Issuer’s Website.
- 18.2 The Issuer shall not accept Applications for, or issue, Short or Leveraged Commodity Securities of a new class under Condition 18.1 unless it has first (a) created corresponding Commodity Contracts under the terms of a Facility Agreement and (b) executed and delivered to the Trustee a Security Deed assigning by way of security, for the benefit of the Trustee and the relevant Security Holders, the contractual rights of the Issuer under each commodity contract of the relevant class and creating a first floating charge, for the benefit of the Trustee and the relevant Security Holders, over the rights of the Issuer under that facility agreement

(to the extent that it relates to such class), commodity contracts of that class created under it and any Guarantee supporting the obligations of the relevant Commodity Contract Counterparty to the Issuer to the extent that they apply to payments due in respect of that new class, for the benefit of the Trustee and the relevant Security Holders.

- 18.3 The Issuer may at any time (without the consent of the Security Holders and without giving prior notice) determine to divide any Pool (the **Existing Pool**) by allocating some of the Secured Property attributable to that existing Pool to a new Pool (the **New Pool**). If it determines to do so, the following shall apply:
- (a) the Issuer may only transfer all (and not merely some) of the Commodity Contracts with any one Commodity Contract Counterparty attributable to that Pool;
 - (b) prior to or on the transfer becoming effective, the Issuer shall create undated limited recourse secured securities (**New Short or Leveraged Commodity Securities**) of a new class referable to the same Commodity Index and otherwise on the same terms as the Short or Leveraged Commodity Securities attributable to the Existing Pool (the **Existing Short or Leveraged Commodity Securities**), each having a principal amount and Price determined in accordance with Condition 18.3(c) constituted by an instrument or deed on the same terms (*mutatis mutandis*) as the Trust Instrument (save that there shall be no obligation to procure Listing of the New Short or Leveraged Commodity Securities) and on terms that such New Short or Leveraged Commodity Securities shall have recourse only to the assets attributable to the New Pool, and (subject as provided in paragraph (e)) shall issue such New Short or Leveraged Commodity Securities to the Security Holders of the Existing Short or Leveraged Commodity Securities outstanding immediately prior to the transfer becoming effective on the basis of one New Short or Leveraged Commodity Security for each Existing Short or Leveraged Commodity Security then held. For this purpose (but subject as provided in paragraph (e)) any Short and Leveraged Commodity Security in respect of which a Defaulted Obligation has occurred and is continuing shall be treated as outstanding;
 - (c) the principal amount and Price of each New Short or Leveraged Commodity Security shall (subject as provided in paragraph (e)) be the proportion of the principal amount and Price respectively, of each Existing Short or Leveraged Commodity Security outstanding immediately prior to the transfer becoming effective (including any calculation made of the Price for that day in accordance with Condition 5) that the aggregate Price of the Commodity Contracts to be transferred bears to the aggregate Price of the Commodity Contracts attributable to the Existing Pool, and on the creation and issue of the New Short or Leveraged Commodity Securities becoming effective the principal amount and Price of each Existing Short or Leveraged Commodity Security shall be reduced accordingly;
 - (d) the Issuer shall enter into a Security Deed with the Trustee in relation to the assets attributable to the New Pool to secure the New Short or Leveraged Commodity Securities which shall be on the same terms (*mutatis mutandis*) as the Security Deed (the **Existing Security Deed**) in relation to the Existing Pool, and the Trustee shall release the property to be transferred from the Existing Security Deed; and
 - (e) any valid Redemption Form received or deemed received prior to (and being in respect of Short or Leveraged Commodity Securities which have not by then been Redeemed and in respect of which the Redemption Amount has not been paid in accordance with Condition 9):
 - (i) in a case where in respect of the Existing Short or Leveraged Commodity Securities notice of a Compulsory Redemption Date has been given under

Condition 8.2 prior to such division becoming effective, the date on which such notice of a Compulsory Redemption Date was given;

- (ii) in a case where in respect of the relevant Existing Short or Leveraged Commodity Securities notice of a Compulsory Redemption Date has been given (either following the giving of notice by the Issuer to nominate a compulsory pricing date under a Facility Agreement following a Counterparty Event of Default or the giving of notice by a Commodity Contract Counterparty to nominate a compulsory pricing date under its Facility Agreement as a result of a Guarantor Tax Event (as defined in any applicable Guarantee)) under Condition 8.1(a) prior to such division becoming effective, the date on which notice of the Compulsory Redemption Date was given;
- (iii) in any other case where in respect of the relevant Existing Short or Leveraged Commodity Securities, notice of a Compulsory Redemption Date has been given prior to such division becoming effective, the Compulsory Redemption Date; and
- (iv) in any other case, the date on which such division becomes effective,

and in each case being valid notwithstanding Condition 7.8(g) and Condition 8.4, shall have effect as if given in respect either of the Existing Short or Leveraged Commodity Securities or of the New Short or Leveraged Commodity Securities dependent upon the Commodity Contract Counterparty (the **Relevant Counterparty**) to whom a Cancellation Notice (as defined in the Facility Agreement) (the **Relevant Cancellation Notice**) had been delivered under a Facility Agreement for the purposes of the Redemption intended to be effected pursuant to such Redemption Form as determined in its absolute discretion by the Issuer. Accordingly:

- (i) for the purposes of the calculations to be made in accordance with paragraph (c), Commodity Contracts the subject of all Relevant Cancellation Notices shall be excluded, and the principal amounts and Prices referred to therein shall be calculated as though all such Commodity Contracts had been terminated;
- (ii) for the purposes of the calculations to be made in accordance with paragraph (c), Commodity Contracts that have been created for the purposes of an Application that has not been completed by the issue of Short or Leveraged Commodity Securities shall be excluded, and the principal amounts and Prices referred to therein shall be calculated as though all such Commodity Contracts had not been created; and
- (iii) each Security Holder from whom such a Redemption Form in respect of Existing Short or Leveraged Commodity Securities was received or deemed received shall not be issued New Short or Leveraged Commodity Securities as provided in paragraph (b) and instead each of the Existing Short or Leveraged Commodity Securities to which such Redemption Form relates shall be divided into Existing Short or Leveraged Commodity Securities or New Short or Leveraged Commodity Securities as are attributable to the Pool to which Commodity Contracts with the Relevant Counterparty are attributable immediately following the transfer becoming effective, each such Existing Short or Leveraged Commodity Security ranking *pari passu* with and having the same principal amount and Price as the other Existing Short or Leveraged Commodity Securities of that class as reduced in accordance with paragraph (c) and each such New Short or Leveraged Commodity Security

ranking *pari passu* with and having the same principal amount and Price as the other New Short or Leveraged Commodity Securities of that class, and each such Security Holder shall hold upon such division becoming effective such number as nearly as practicable (rounded down to the nearest whole number) of Existing Short or Leveraged Commodity Securities or New Short or Leveraged Commodity Securities (as the case may be) as has the same aggregate principal amount as had the Existing Short or Leveraged Commodity Securities in respect of which the Redemption Form related immediately prior to the division becoming effective.

- 18.4 Without prejudice to the foregoing, the Issuer may consolidate or divide all of the Short or Leveraged Commodity Securities of any class into Short or Leveraged Commodity Securities of the same class but with a proportionately larger or smaller Principal Amount and Price. Such consolidation or division shall be effected by deed or instrument supplemental to the Trust Instrument.
- 18.5 Whenever as a result of consolidation of Short or Leveraged Commodity Securities a Security Holder would become entitled to a fraction of a Short or Leveraged Commodity Security the Issuer will Redeem such fraction of a Short or Leveraged Commodity Security.

19. ISSUER'S ABILITY TO PURCHASE SHORT AND LEVERAGED COMMODITY SECURITIES

There is no restriction on the ability of the Issuer or any of its Affiliates to purchase or repurchase Short and Leveraged Commodity Securities.

20. LISTING

The Issuer covenants in the Trust Instrument to use its best endeavours to obtain and, so long as any of the Short and Leveraged Commodity Securities remain outstanding, maintain a Listing for the Short and Leveraged Commodity Securities or, if it is unable to do so having used such best endeavours or if the maintenance of such listing is agreed by the Trustee to be unduly onerous, use its best endeavours to obtain and maintain the quotation or listing of the Short and Leveraged Commodity Securities on such other stock exchange as it may (with the prior written approval of the Trustee) decide.

21. WAIVER, AUTHORISATION AND DETERMINATION; MEETINGS OF SECURITY HOLDERS

- 21.1 The Trustee may, without prejudice to its rights in respect of any subsequent breach, but only if and in so far as, in its opinion, the interests of the Security Holders shall not be materially prejudiced thereby, waive or authorise any breach or proposed breach by the Issuer of any of the covenants or provisions contained in these Trust Instruments or the Security Deeds, or determine that any Defaulted Obligation, Issuer Insolvency Event or Counterparty Event of Default shall not be treated as such, *provided that* the Trustee shall not exercise any powers conferred on it by this Condition, (a) with respect to a Defaulted Obligation, in contravention of any express direction given by the Security Holder to whom such Defaulted Obligation is owed or (b) with respect to an Issuer Insolvency Event or any Counterparty Event of Default or any other breach or proposed breach by the Issuer of any of the covenants or provisions contained in the Trust Instrument, in contravention of any express direction given by Security Holders holding not less than 25 per cent. by Principal Amount (as at the date of the last signature) of the Short and Leveraged Commodity Securities (as a whole) then outstanding or an Extraordinary Resolution of the Security Holders (as a single class), but so that no such direction shall affect any waiver, authorisation or determination previously given or made. Any such waiver, authorisation or determination may be given or made on such terms and subject to such conditions (if any) as the Trustee may determine, shall be binding on the

Security Holders and, if, but only if, the Trustee shall so require, shall be notified by the Issuer to the Security Holders as soon as practicable thereafter.

- 21.2 Security Holders in respect of any class or classes of Short and Leveraged Commodity Securities have power by Extraordinary Resolution, inter alia, to sanction the release of the Issuer from the payment of moneys payable pursuant to the Trust Instrument, to sanction any modification, abrogation or compromise of, or arrangement in respect of, their rights against the Issuer, to assent to any modification or abrogation of the covenants or provisions contained in the Trust Instrument proposed or agreed to by the Issuer and also to sanction other matters as provided therein. The Trust Instrument contains provisions relating to the convening of meetings by the Issuer or the Trustee and provides that, except in the case of an adjourned meeting, at least fourteen calendar days' notice (exclusive of the day on which the notice is served or deemed to be served and of the day for which the notice is given) of every meeting, including any meeting which is being convened for the purpose of passing an Extraordinary Resolution, shall be given to the Security Holders of the relevant class or classes. In the case of a meeting adjourned through want of a quorum, other than one convened at the requisition of Security Holders, at least seven calendar days' notice (exclusive as aforesaid) should be given unless the day, time and place for the adjourned meeting is specified in the notice convening the original meeting.

22. EXERCISE OF DISCRETIONS

The Trustee may exercise its discretions under the Trust Instrument separately in respect of each class of Short and Leveraged Commodity Securities, and any Further Securities in issue from time to time, and shall incur no liability for so doing.

23. PRESCRIPTION

The Trust Instrument does not provide for any prescription periods.

24. REMOVAL, RETIREMENT OR REPLACEMENT OF TRUSTEE

- 24.1 The Trustee may retire at any time without assigning any reason upon giving not less than three months' prior written notice to the Issuer and without being responsible for any Liabilities incurred by reason of such retirement. The Security Holders may by Extraordinary Resolution of the Security Holders (as a single class) appoint or remove any trustee or trustees for the time being of the Trust Instrument.

- 24.2 The Issuer will use its reasonable endeavours to appoint a new Trustee as soon as reasonably practicable after the Trustee gives notice to its retirement or being removed by Extraordinary Resolution. The retirement or removal of any Trustee shall not become effective until a successor trustee is appointed.

25. GOVERNING LAW AND JURISDICTION

The Conditions, the Short and Leveraged Commodity Securities and the Trust Instrument are governed by the laws of Jersey. The Security Deeds are governed by the laws of England. Notwithstanding the submission to the jurisdiction of the English courts contained in the Security Deeds, nothing prevents the Trustee from commencing proceedings in any other competent jurisdiction.

26. TRUSTEE'S LIABILITY

Save in the case of fraud, wilful misconduct or gross negligence, the Trustee (or any director, officer or employee of the Trustee) shall have no liability under the Trust Instrument for a breach of trust and save in such circumstances, no Trustee (and no director, officer or employee of the Trustee) in execution of the trusts and powers under the Trust Instrument,

shall be liable for any loss arising by reason of any mistake or omission by him or by reason of any other matter or thing including fraud, wilful misconduct, gross negligence or default of another director, officer or employee or Trustee.

27. AMENDMENTS TO CONDITIONS

These Conditions may be amended as set out herein or by written agreement between the Issuer and the Trustee. Any amendment to these Conditions will, subject to Condition 28.7, be notified to Security Holders through an RIS announcement, and unless otherwise agreed by the Trustee shall not take effect until at least 30 calendar days following such announcement.

28. AMENDMENTS TO DOCUMENTS

28.1 Pursuant to the Trust Instrument, the Issuer covenants that it will not amend, vary, modify or supplement any of the Trustee Consent Documents without the prior written consent of the Trustee save where, in respect of a Facility Agreement, that amendment is at the election of the relevant Commodity Contract Counterparty to amend the terms of the Facility Agreement to substantially conform that Facility Agreement to another Facility Agreement entered into between the Issuer and another Commodity Contract Counterparty.

28.2 The Issuer may, without prejudice to Condition 28.4, by supplemental agreement or supplemental instrument or deed, as applicable, amend these Conditions, the Trust Instrument, any Security Deed(s) or any of the Trustee Consent Documents (in respect of Conditions (a), (d), (e) and (f) below without the consent of the Trustee) and the Trustee agrees in the Trust Instrument to join in a supplemental agreement or supplemental instrument or deed as applicable accordingly, if one or more of the following applies:

- (a) if the amendment is to substitute as debtor under a Facility Agreement or a Guarantee another person having an Acceptable Credit Rating;
- (b) in the opinion of the Issuer and the Trustee the amendment is necessary or desirable and is not materially prejudicial to the rights of Security Holders;
- (c) in the opinion of the Trustee, the amendment is of a formal, minor or technical nature or to correct a manifest or proven error;
- (d) the amendment is to substitute a different commodity index for one or more of the Commodity Indices and consequential changes provided that:
 - (i) corresponding adjustments have been agreed with each of the Commodity Contract Counterparties that have Commodity Contracts outstanding that refer to the relevant Commodity Index or Commodity Indices;
 - (ii) the adjustments so agreed have the consequence that at the time of the substitution of the index there is no change to the aggregate Price of the Short or Leveraged Commodity Securities of that class or classes which are the subject of the substitution; and
 - (iii) the adjustments do not take effect until at least 30 calendar days have elapsed after they are announced to Security Holders in an RIS announcement;
- (e) the Issuer or the Trustee determines in its discretion that the amendment would affect the holders of different classes of Short or Leveraged Commodity Securities differently and the terms of the amendment are authorised by separate Extraordinary Resolutions of the holders of each class of Short or Leveraged Commodity Security affected passed in accordance with the Trust Instrument;

- (f) Condition (e) above does not apply to the amendment and the terms of the amendment are authorised by an Extraordinary Resolution of the Security Holders (as a single class) passed in accordance with the Trust Instrument; or
 - (g) the terms of the amendment are necessary or desirable in the opinion of the Issuer and the Trustee to comply with any statutory or other requirement of law (including as modified or applied in any respect to the Short and Leveraged Commodity Securities) or any Listing Rules or to rectify any inconsistency, technical defect, manifest error or ambiguity in the terms of the Trust Instrument or such Conditions, Security Deed or Trustee Consent Document.
- 28.3 In the case of an amendment to a Facility Agreement or an Authorised Participant Agreement, the amendment may not take effect for at least 30 calendar days (or five Issuer Business Days if the amendment is to be made pursuant to an obligation in the Facility Agreement to negotiate in good faith following notice being given by either party thereto of the occurrence of a Material Adverse Change (as defined therein)), following publication of a notice thereof through a RIS and the Issuer shall not agree to any such amendment unless it does not take effect until such period has elapsed.
- 28.4 Conditions 28.2 and 28.3 shall not apply to any amendment to the terms of a Facility Agreement which, under the terms thereof, is automatic or at the election of the relevant Commodity Contract Counterparty in the circumstances described in Condition 28.1.
- 28.5 The Issuer shall notify all Security Holders of a proposed amendment as referred to in Condition 28.2(a) by publishing a notice on a RIS at least 30 calendar days' prior to such amendment becoming effective.
- 28.6 The Issuer shall notify all Security Holders of a proposed amendment as referred to in Conditions 28.2(e) and 28.2(f) by publishing a notice on a RIS as soon as practicable after such amendment is proposed and in any event, upon such amendment becoming effective.
- 28.7 No notice need be given of any amendment as referred to in Conditions 28.2(b), (c) or (g) or 28.4 unless the Trustee otherwise requires.

29. NOTICES

- 29.1 Except as provided below, all notices required or permitted to be given to Security Holders, the Issuer or the Registrar under the Trust Instrument or pursuant to any other Document must be in writing in English.
