Terms used in this announcement and not otherwise defined bear the same meanings as where used in the prospectus of the Issuer dated 9 August 2022 for the programme for the issuance of Collateralised ETP Securities.

Further to the announcement made by the Issuer on 2 December 2022 relating to its determination to effect splits (the “**Splits**”) of the Affected Securities, the Issuer hereby further confirms that the Splits have now taken place.

The Splits applied to all registered holders of the Affected Securities on the relevant shareholder register after the close of business on Friday 16 December 2022.

The applicable ratio outlined in the below table was applied to the relevant class of Affected Securities:

ETP Security	ISIN	Ratio (in words)	Ratio (in numbers)
WisdomTree WTI Crude Oil 3x Daily Leveraged	IE00BMTM6B32	Ten	10
WisdomTree S&P 500 3x Daily Leveraged	IE00B7Y34M31	Twenty	20
WisdomTree Brent Crude Oil 3x Daily Leveraged	IE00BMTM6D55	Thirteen	13
WisdomTree Palladium 2x Daily Leveraged	IE00B94QLN63	Four	4

Taking WisdomTree WTI Crude Oil 3x Daily Leveraged as an example, the Split for this Affected Security resulted in every one security being split into ten securities.

Please note that the price and principal amount of the Affected Securities have been impacted proportionately by the same ratio. The value of an investor’s holding was not affected by the Splits.

Trading in the split securities began at the open of trading today, 19 December 2022. Please note that there could be delays in your broker, custodian or intermediary reflecting the Splits in their books and records. Please discuss this with them if you have any concerns.

The Splits have been implemented pursuant to an amendment to the Supplemental Trust Deed in respect of each class of Affected Securities dated 12 December 2022 made between the Trustee, the Manager and the Issuer.
